USB Mini Sharing Switch

Model
169905

Easily share USB peripherals.

The MANHATTAN® USB Mini Sharing Switch easily allows one or two computers to share three USB devices or connect a MANHATTAN USB hub to share more peripherals. It's ideal for home and office use where several users need to share a USB cable modem, printer, digital camera, scanner, external storage drive and other devices.

Quick and Easy Installation

Plug and Play installation is easy with Windows and Mac systems. The MANHATTAN USB Mini Sharing Switch requires no special drivers or external power supply. Connect using the included USB cables for fast access to popular devices.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
